

Chatterbus aims to provide a reliable, friendly service that's there when it's needed. For our second year of operations we have improved the C2 Saturday timetable for shoppers in Weybridge and Leatherhead, and our C1 weekday timetable continues to provide regular services connecting Cobham centre with the station, the Sainsbury's Superstore, Brooklands Retail Park and Weybridge.

Chatterbus is unique. It's a not-for-profit service managed solely by local people for the local community and is operated by the East Surrey Rural Transport Partnership under contract to Cobham Community Bus CIC.
